Expedition Canary Islands and Cape Verde
22 Oct – 3 Nov 2022 • 12 days

Rare island paradises

Want to explore the kaleidoscope of natural and cultural contrasts off the coast of Africa? Join us aboard the HANSEATIC inspiration and start your varied island-hopping adventure with a visit to the constantly surprising Canary Islands. Marvel at the extinct volcano on La Palma or one of the largest calderas in the world. The next thrilling destination for your expedition is Cape Verde. The islands are perfect for active explorers, with various excursions and plenty of opportunities for individual adventures. While the south is full of barren beauty, the north offers a dazzling display of flora. Watch the colossal conical shape of Fogo slowly emerge on the horizon as you enjoy the sweeping ocean views from one of the many open deck areas. The impressive sights just keep coming. By the time you've reached the end of your cruise and have got to know the most beautiful parts of the archipelago's sunniest island, Sal, you'll have gone from being an explorer to being a firm fan of this region.

Antarctica – grand expedition route
24 Jan – 9 Feb 2023 • 16 days

New life in an icy world

Venture into the mysterious world of the sixth continent on board the HANSEATIC inspiration and experience the cruise of a lifetime in the Antarctic summer. In South Georgia, Zodiac rides will reveal constantly shifting views of the unique animal paradise. Join the experts to marvel at giant colonies of king penguins and thousands of seabirds densely cloaking the slopes and coast. Or discover fur seals and elephant seals on the Gold Harbour beach and be instantly enchanted by their restful nature. More superb moments await you on the Antarctic Peninsula, where your first steps on the mainland near Paradise Bay are sure to take your breath away. Snow-capped summits surround the bay, where icebergs drift and gigantic glaciers provide mesmerising views. When night falls, you'll have a unique opportunity to experience the power of nature in all its glory. Camping in the Antarctic* will give you a taste of discovery and polar exploration. Further grand natural spectacles will follow, accompanied by a deep sense of humility as you watch the penguins and their chicks during the breeding and rearing season – for instance on Cuverville Island, which is home to countless gentoo penguins. On the Falkland Islands, your experts will share the fascinating history of the typically Victorian houses in the capital Stanley. This unique adventure full of awe and amazement is sure to stay with you forever.

HANSEATIC — inspiration —

St Lawrence River and Nova Scotia
4 May – 19 May 2023 • 15 days

The Canadian way of life

In May, the HANSEATIC inspiration will become your front-row seat on the east coast of Canada. Your adventures between Nova Scotia and Lake Ontario start with cruising in Penobscot Bay. Picture-perfect landscapes of dense pine forests and flowering meadows lie ahead, along with historic sites and impressive natural spectacles such as the Reversing Falls, where the river rapids change direction multiple times a day. A stirring sense of freedom fills the air as the small expedition ship makes its way along the St Lawrence River to the enormous mountains in the Saguenay Fjord. There are good chances of seeing the majestic figures of marine mammals at the mouth of the fjord near Tadoussac. Once you've enjoyed the French savoir vivre and Canadian zest for life in Quebec, yet another special highlight awaits you: the passage through seven locks of the St Lawrence River is a feat of nautical brilliance. Against the Toronto skyline, you can look back on an expedition of rarely seen beauty.

HANSEATIC

— inspiration —

Great Lakes • 12 Jun – 22 Jun 2023 • 10 days

From Windsor (Detroit) to Chicago

INS2312

The American dream amidst the lakes

Spurred on by a pioneering spirit, the small and manoeuvrable HANSEATIC inspiration is one of the few ships that can navigate the extremely challenging watery labyrinth of the Great Lakes. The journey is the destination as you enjoy stunning panoramas such as Detroit's skyline from the many open deck areas. Watch grand and beautiful scenes drift by as your route continues along the coast and richly contrasting skerry landscapes alternate with narrow channels and rugged cliffs. If the spectacular nature throws up any questions, your on-board experts will be on hand to provide all the answers and fascinating background knowledge – for instance, about the wild island gem of Killarney. Interesting history awaits you in Sault Sainte Marie – the birthplace of Michigan – and on Mackinac Island, one of the most beautiful islands in the United States, which features impressive Victorian villas. Finally, you'll approach Chicago and reach the end of your grand adventure on the Great Lakes with a wealth of unique new memories.

24 Jul – 5 Aug 2023 • 12 days

Polar adventures ahead

Welcome to the home of the Inuit. Look forward to intensive expedition days as summer paints Greenland in shades of icy white, lush green, deep brown and glowing yellow. Will the ice conditions allow you to reach remote coasts in the far north with their moving history of settlements and exploration? With luck, your travel diary will include encounters with seals, musk oxen and reindeer. The final chapter of the cruise brings a very special highlight: Disko Bay. You'll be right at the centre of this spectacle of drifting ice sculptures from your spot on deck or in a Zodiac. Enjoy these unforgettable memories of a summer polar adventure.

HANSEATIC — inspiration —

Expedition Greenland, Newfoundland
and St Lawrence River
9 Sep – 27 Sep 2023 • 18 days

Late summer in icy blue and green

In September, the HANSEATIC inspiration will reveal breathtaking views in the land of the Inuit. With the highest ice class for passenger ships and a crew with polar experience, the small expedition ship will first set a course for Greenland's natural spectacles: bizarre icebergs, hot springs, Arctic tundra and rugged basalt coastlines. The flexible course through the fjords provides a feeling of pure discovery – on board and on numerous Zodiac rides. As you arrive in Labrador, rock formations rise up out of the sea, reaching heights of up to 1,500 m (4,921 ft). Rivers rush through the landscape like lifelines. This is the home of moose, wolves, caribou, seals and whales. It's hard to believe that anything could top these experiences, but your expedition has another highlight in store with the thrilling lock adventure on the St Lawrence River, before coming to an end in the contrasts of Toronto.

Guaranteed Cabin

When a Guaranteed Cabin of Category 0 is booked, accommodation will be provided in an outside cabin/double occupancy (limited allotment). Cabins will be assigned shortly before the beginning of the cruise. If you book a combination of several cruises in a Guaranteed Cabin we cannot guarantee that you will be accommodated in the same cabin throughout your whole stay. Your cabin number will be sent to you along with the travel documents. Please note that no combination discount is applied to Category 0.

Cruise-only arrangements

Generally, all voyages are offered with our cruise-only prices. You will need to organize your own travel arrangements to the cruise departure and from the cruise arrival point. Please ask your travel agency for assistance. The charter flight as stated in the itinerary is included in the cruise price.

Early booking discount

Those who make their minds up quickly can save 5 % on the cruise-only price up to the date specified in the price tables.
